What Is My Next Faithful Step?

A GUIDE TO PROPORTIONAL GIVING

1

Begin by looking at your giving this year.

Ask: What percentage of my income am I currently giving?
Divide your annual giving by your annual income.

$$\begin{array}{ccccccc} \$ & \underline{\hspace{2cm}} & \div & \$ & \underline{\hspace{2cm}} & = & \underline{\hspace{2cm}} \% \\ \text{Your annual giving} & & & \text{Your annual income} & & & \text{Your annual} \\ \text{this year} & & & & & & \text{giving percentage} \end{array}$$

2

Consider what it would mean to move one percentage point closer to the tithe.
Prayerfully consider increasing that percentage.

FOR EXAMPLE:

At an annual income of \$50,000:

4% = \$2,000
annual giving

5% = \$2,500
annual giving

One step = \$500 more
for the year

3

Pray and discern

Whatever your current percentage, we invite you to pray about how God might be calling you to grow in generosity.
